

Interested in joining a steel tip dart league?

The Norwalk British Dart League runs steel tip leagues on Monday and Wednesday nights. Steel tip darts use traditional hard points and dart boards instead of the automated machines and plastic darts. Don't take this the wrong way, we enjoy shooting darts, we just prefer to use the more traditional equipment.

The Monday night league has several divisions based on skill level. The teams are made up of 6 - 9 players per team and the format is:

- 6 Singles Matches
- 3 Doubles Matches of Cricket
- 3 Doubles Matches of 501

The Wednesday night league has one division right now. The teams are made up of 4-6 players per team and the format is:

- 4 Singles 301 matches
- 4 Singles Cricket Matches
- 2 Doubles Cricket Matches
- 2 Doubles 501 Matches

Don't have a team, don't worry, send us an email and we will do our best to find you a team. Please give us an idea of your skill level ("I never played before", "I know what a ton-80 is", "I hit Dead Eye's at least twice a week", etc.)

Your bar doesn't have steel tip boards? Have management contact us for information on setting up boards and establishing teams.

Cost of the league is \$400 for Monday night teams and \$275 for Wednesday night teams.

Information on the Norwalk British Dart League, our history, the rules and format we use for play, listing of events in the area, etc. is available on the web at:
